

Plast Italia IPlast 30

The IPlast 30 Electrofusion Welder is ideal for smaller pipe installations, capable of welding fittings up to 160mm. This lightweight machine can be easily moved around your site.

The Plast Italia range of EF welders feature a die-cast aluminium frame to quickly disperse heat keeping the machine cooler and working for longer in hot conditions.

FEATURES

- Barcode scanning and manual time entry
- Fitting size range 16mm - 160mm
- 2m output lead
- 4.0mm to 4.7mm terminals ends
No adaptors required
- Data recording of weld records
- Plastfast Technology
Faster weld and cool down times*
**Plast Italia Fittings up to 355mm only*
